THE RESOURCE ENHANCEMENT AND ACCOUNTABILITY PROGRAMME (REAP)
ADVERT

Recruitment of Contract Staff – Graduate Economists

The Government of Uganda (GoU) has, since the early 1990s, been pursuing strategic reforms in Public Financial Management (PFM) systems aimed at supporting Government's goal of poverty eradication through the achievement of good governance, sustainable growth targets and a stable macroeconomic environment as reflected in the National Development Plan and Vision 2040.

Government through the Ministry of Finance, Planning and Economic Development is implementing the Resource Enhancement and Accountability Programme (REAP) as the prime framework for implementation of the Public Financial Management (PFM) Reform Strategy (2018-2025). The overall objective of the REAP is to enhance resource mobilisation, improve planning and public investment management, and strengthen accountability for quality, efficient and effective service delivery.

As part of the reforms, a Graduate Economists scheme is in place to strengthen the planning and budgeting function in ministries, departments, agencies and Local Governments (MDALGs); and also serve as a capacity building programme for young economists. It is also meant to provide opportunities for possible entry into the mainstream Civil Service.
